

## *Dentistry*

Iowa Veterinary Specialties offers Dental Specialty services. A wide variety of veterinary dentistry procedures are performed at IVS, with a strong dedication to providing patients with the latest dental techniques and anesthetic protocols. We are here to help, with cutting-edge technology to diagnose, treat and restore the oral health of your pets, as well as to educate you about the importance of good oral health.

Appointments are scheduled for a vast array of specialized procedures, including the following:

- Endodontic therapy
- Dental imaging
- Oral surgery
- Orthodontics and genetic counseling
- Periodontal therapy
- Prosthodontics
- Restoratives
- Surgical treatment of oral cancers

## Dentistry

Susan Crowder, DVM

Dr. Susan Crowder graduated from Kansas State in 1998. Dr. Crowder has practiced in the Kansas City area since 2002. She finished her residency in veterinary dentistry and became a board-certified veterinary dental specialist in 2012. She is the

only veterinary dentist in clinical practice in Kansas and Iowa.

She has been a member of the American Veterinary Dental Society since 2002, and is a national speaker on veterinary dentistry, presenting at the Annual Veterinary Dental Forum, the Academy of General Dentistry National Meeting, Yankee Dental Congress in Boston and at local veterinary associations.

Dr. Crowder has been elected to the Board of Directors of the American Veterinary Dental Society and is a member of the American Veterinary Medical Association, the Kansas Veterinary Medical Association and the Kansas City Veterinary Medical Association.

Scott MacGee, DVM

Dr. Scott MacGee graduated from Kansas State University in 1997. He has practiced in the Kansas City area since 1999. Dr. MacGee has been a member of the American Veterinary Dental Society since 2002. He has taught dental wet-labs locally and at

the CVC. He has been in a mentor-reviewed dental training program since 2004.

Dr. MacGee is a member of the American Veterinary Medical Association and the Kansas City Veterinary Medical Association.
